

RELATED ISSUES

There are several issues that the transition team members will probably not decide or control. Nevertheless, these issues directly affect how the transition specialists will operate. Some of these issues are shown here.

1. The Work Experience policies of the district office
2. School credit policies
3. How the project is incorporated into the IEP process
4. Worker's Compensation and other State and Federal laws
5. When you can have access to the students during the school day
6. Where you can meet with the students during the school day
7. What funding you have, and other funding resources
8. How and when wages will be processed
9. Available vocational assessment procedures
10. Attitudes of students toward you, school, work and life in general
11. What, if any, related curriculum is taught in school
12. What other career education or vocational education experiences students have had
13. Transportation available to student
14. Other agency involvement
